

Priceville High School
2650 N Bethel Road
Decatur, AL 35603
Phone: 256-353-1950

To parents/guardians of PHS students,

Priceville High School is excited to deploy the PowerSchool Parent Portal. This provides parents with access to their child's current grades and attendance.

A different Access ID and Password is generated for each student. Not all schools are deploying the PowerSchool Parent Portal at the same time. If you have a child at a different school in the Morgan County School district, you will receive the Access ID and Access Password for that child from his/her school at a later time.

To create a PowerSchool Parent Portal account:

1. Open the internet browser on your COMPUTER. (This process will likely not work on your phone.)
2. Type <https://morganco.powerschool.com/public> into the address bar.
3. Click on the "Create Account" tab.
4. Click the "Create Account" button.
5. Enter the Parent Account details to create the username and password that you desire.

NOTES CONCERNING EMAIL ADDRESS:

- If you are an employee of Morgan County Schools, it is recommended that you use a PERSONAL email address, NOT your MCS email address.
6. In the "Link Students to Account" area, enter the following information where requested:
 - Student's name
 - Student's relationship to you
 - Student's Access ID (Request from your child's homeroom teacher.)
 - Student's Access Password (Request from your child's homeroom teacher.)
 7. Click Enter to create the account.
 8. Validate your account per instructions in the validation email sent to the email address entered during the account creation process.
 9. After the account has been validated, you will be able to log in at <https://morganco.powerschool.com/public>. You can also use the PowerSchool Mobile app located in the IOS and Google Play app stores.

We strongly encourage you to utilize this resource on a daily basis to stay updated on your child's progress, performance, attendance, and more.
