Please circle all sports that your child wishes to participate in:

It is necessary that each student trying out for a sport have a current physical exam on file and have appropriate medical insurance coverage. They must be listed on our school's eligibility list in the office of the Alabama High School Athletic Association prior to competition. The state office purchases for each person on this list a major catastrophic insurance policy which has a \$10,000 deductible.

At the local level, the Morgan County Schools' policy states that each squad member be covered by an adequate medical insurance policy before he/she is allowed to participate in scheduled games or practices.
