

Introducing Morgan County Schools Bicentennial Celebration Fine Arts Festival 2019!

We'd like to offer you the opportunity to be a part of this monumental regional event which is *officially endorsed by the Alabama Bicentennial Commission!* The festival is presented by the Morgan County Board of Education and the Fine Arts instructors of Morgan County Schools.

Last Spring, the Morgan County Fine Arts Festival attracted more than 1,000 people during our 2-hour event. This year we expect that number to grow as we increase the festival to a six-hour event. In addition, all 7,900 Morgan County students will be released from school early in order to encourage families to attend. The Bicentennial Festival will focus on the past 200 years of Fine Arts in Alabama and include Alabama artist demonstrations, music composers, as well as provide a juried art show for the students.

Please give serious consideration to sponsoring the 2019 Morgan County Bicentennial Fine Arts Festival! Your sponsorship will include printed and social media and is tax deductible.
