- Non-oily, non-staining, light and clean moisturizing feel
- SAFE for adults, children and pets
- DEET Free
- Convenient 4 oz mist spray size great for camping, hiking, outdoor sports, outdoor activities, gardening, yard work and fishing

**A Story of Trust**

When it comes to protecting the ones we love, trust in a brand is vital. We all deserve a repellent that works, is safe and smells great! Zone™ Insect Repellents bring that perfect balance!

Picaridin (aka Saltidin, Icaridin) is truly the healthy alternative to DEET. Zone's picaridin-based repellents are not greasy or sticky and will not damage plastics. Zone works great, feels great and smells great.

Mosquito and tick transmitted diseases are on the rise. Be the hero for your family and provide the best, most trusted protection on the market. Get your Zone on today!
